| DATA N     | IANAGEMENT PLAN   |  |                        |   |                 |
| To be fill | lling out the form, read the Guidelines for completing out in English. It concerns the data generated or recognises that some projects will not generate, respectively in the work of the collected or produced the collected the collected or produced the collected the | used in the course of p  | erformance of the Poli | sh part of the research p                         | roject.         |
| to the qu  | established with the confected of produced  | and, or now will existin   | .g saca se re aseu:    |   |                 |
| 1.         | Data description and collection or re-use of existi   | ng data  |                        |   |                 |
| 1.1        | How will new data be collected or produced and/or ho  |  | -used?                 |   |                 |
| 1.2        | What data (for example the kinds, formats, and volume   | es) will be collected or pr  | oduced?                |   |                 |

| 2.  | Documentation and data quality  |
|-----|---|
| 2.1 | What metadata and documentation (for example methodology or data collection and way of organising data) will accompany data?  |
| 2.2 | What data quality control measures will be used?  |
| 3.  | Storage and backup during the research process  |
| 3.1 | How will data and metadata be stored and backed up during the research process?   |
| 3.2 | How will data security and protection of sensitive data be taken care of during the research?   |
| 4.  | Legal requirements, codes of conduct  |
| 4.1 | If personal data are processed, how will compliance with legislation on personal data and on data security be ensured?  |
| 4.2 | How will other legal issues, such as intellectual property rights and ownership, be managed? What legislation is applicable?  |
| 5.  | Data sharing and long-term preservation   |
| 5.1 | How and when will data be shared ? Are there possible restrictions to data sharing or embargo reasons?  |
| 5.2 | How will data for preservation be selected, and where will data be preserved long-term (for example a data repository or archive)?  |
| 5.3 | What methods or software tools will be needed to access and use the data?   |
| 5.4 | How will the application of a unique and persistent identifier (such us a Digital Object Identifier (DOI)) to each data set be ensured?                                   |
| 6.  | Data management responsibilities and resources  |
| 6.1 | Who (for example role, position, and institution) will be responsible for data mangement (i.e the data steward)?  |
| 6.2 | What resources (for example financial and time) will be dedicated to data management and ensuring the data will be FAIR (Findable, Accessible, Interoperable, Re-usable)? |

## PERSONAL DATA PROTECTION

Acting pursuant to Article 13 (1) and (2) and Article 14 (1) and (2) of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (OJ L 2016, No 119, p.1), this is to inform all those applying for funding of a research project, scientific activity, fellowship or doctoral scholarship, all those involved in the drafting of project documents and members of the project teams that:

- a) the National Science Centre ("NCN") with its registered office in Krakow at ul. Twardowskiego 16, 30-312 Kraków, is the controller of your personal data,
- b) the NCN's designated Data Protection Officer can be contacted via electronic mail at iod@ncn.gov.pl, by phone at + 48 12 341 91 26 or directly at the registered office of the data controller,
- c) the NCN shall process your personal data pursuant to Article 6 (1) (c) of the General Data Protection Regulation, in conjunction with Article 20 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended),
- d) your personal data shall be processed for the purpose of:
- evaluation of the proposal for funding of a research project, scientific activity, fellowship or doctoral scholarship,
- supervision, financial and accounting operations, audits performed in the course of and after the completion of the research project, scientific activity, fellowship or doctoral scholarship, evaluation of implementation thereof and settlement of funding agreements, if funding is granted for the completion of a research project, scientific activity, fellowship or doctoral scholarship, and
- evaluating the NCN's own tasks, reporting, dissemination of the information on the NCN's calls for proposals throughout the scientific community, implementation of other activities regulated by generally applicable laws and for archiving purposes,
- e) your personal data shall be processed from the moment it has been collected for as long as it is necessary to achieve the purposes indicated in point d) and to pursue related claims, for the period required by generally applicable laws and for the period of storage as defined by the NCN's records management procedures and the Uniform File Classification System.
- f) provision of your personal data is a statutory requirement and without its disclosure the purposes described in point d) cannot be achieved,
- g) the recipients of your personal data may only be entities authorised to collect personal data pursuant to generally applicable laws and, to the extent specified in Article 31 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended), individuals using the NCN's website,
- h) your personal data may be transferred for processing to third parties, such as the National Information Processing Institute with its registered office at al. Niepodległości 188b, 00-608 Warsaw. Such third parties process data based on personal data transfer contracts and are also bound to keep the data being processed confidential,
- i) you have the right to access your personal data, correct your personal data and restrict the processing of your personal data, and
- j) you have the right to lodge a complaint with the President of the Personal Data Protection Office if the General Data Protection Regulation is violated.

## ADMINISTRATIVE DECLARATIONS

where the applicant is not a natural person

. Declarations by the PI

I hereby declare that:

- 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

or

- notify the authorised representative of the entity acting as the applicant of my resignation from funding of research tasks allocated by the NCN Director or b) in the event that funding is received from another source:
- notify the authorised representative of the entity acting as the applicant of my resignation from applying for funding under this call of proposal organised by the NCN or
- resign from accepting funding from other source;
- 3. should the proposal be recommended for funding, the results generated during the research project shall be evaluated and published in a journal/journals of international impact;
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processing Institute's websites alongside the information on the call's results;
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it;
- 8. In the event that funding is granted by the NCN, I will stay on the territory of Poland for at least 50% of the project duration pursuant to the Resolution laying down the terms of and regulations on awarding funding for research tasks to be carried out by the Polish research teams, funded by the NCN under the SHENG 2 funding opportunity for Polish-Chinese research projects;
- 9. the joint project description annexed to the NCN proposal in the ZSUN/OSF system is the same as the joint project description to be submitted to the partner agency;
  10. I am aware that the National Science Centre ("NCN") processes personal data of members of the Polish research team and foreign research team/s revealed in the proposal (and/or annexes thereto) and shall notify thereof all those whose data has been revealed in the proposal (and/or annexes thereto) by providing them with information on personal data processing;
- 2. Declarations by the head of the entity / authorised representative

I hereby declare that:

- the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

or

- resign from funding of research tasks allocated by the NCN Director or
- h) in the event that funding is received from another source:
- resign from applying for funding under this call of proposal organised by the NCN

or

- resign from accepting funding from other source;
- 3. should the research project be awarded funding, acting on behalf of the entity I represent, I shall:
- a) include the research project in the financial plan of the entity;
- b) employ the principal investigator and investigators necessary to conduct the research project in compliance with the proposal and terms of the call;
- c) employ the principal investigator for the project duration period pursuant to at least a part-time employment contract;
- d) provide the conditions required for the completion of the research, including access to laboratory/office premises and research equipment required for the completion of the research:
- e) provide the project with administrative and accounting assistance;
- f) supervise the completion of the research project and proper disbursement of project monies;
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processing Institute's websites alongside the information on the call's results;
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it;
- 8. the joint project description annexed to the NCN proposal in the ZSUN/OSF system is the same as the joint project description to be submitted to the partner agency;
- 9. I am aware that should the project duration specified in the proposal be extended I shall continue to employ the principal investigator for the entire project extension period pursuant to at least a part-time employment contract.

#### where the applicant is a natural person

### 1. Declarations by the natural person acting as the applicant

I hereby declare that:

- 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

or

- resign from funding of research tasks allocated by the NCN Director or
- b) in the event that funding is received from another source:
- resign from applying for funding under this call of proposal organised by the NCN

or

- resign from accepting funding from other source;
- 3. should the proposal be recommended for funding, the results generated during the research project shall be evaluated and published in a journal/journals of international impact;
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processing Institute's websites alongside the information on the call's results;
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it;
- 8. In the event that funding is granted by the NCN, I will stay on the territory of Poland for at least 50% of the project duration pursuant to the Resolution laying down the terms of and regulations on awarding funding for research tasks to be carried out by the Polish research teams, funded by the NCN under the SHENG 2 funding opportunity for Polish-Chinese research projects;
- 9. the joint project description annexed to the NCN proposal in the ZSUN/OSF system is the same as the joint project description to be submitted to the partner agency;
  10. I am aware that the National Science Centre ("NCN") processes personal data of members of the Polish research team and foreign research team/s revealed in the proposal (and/or annexes thereto) and shall notify thereof all those whose data has been revealed in the proposal (and/or annexes thereto) by providing them with information on personal data processing;

## 2. Declarations by the head of the entity/authorised representative

|        | I hereby declare that:  |  |  |  |  |
|--------|---|--|--|--|--|
|        | 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;   |  |  |  |  |
|        | 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:  |  |  |  |  |
|        | a) in the event that funding is received from the NCN:  |  |  |  |  |
|        | - resign from applying for funding from another source<br>or  |  |  |  |  |
|        |   |  |  |  |  |
|        | - notify the natural person acting as the applicant of my resignation from funding of research tasks allocated by the NCN Director or b) in the event that funding is received from another source: |  |  |  |  |
|        | - notify the natural person acting as the applicant of my resignation from applying for funding under this call of proposal organised by the NCN  |  |  |  |  |
|        | or  |  |  |  |  |
|        | resign from accepting funding from other source;  |  |  |  |  |
|        | 3. should the research project be awarded funding, acting on behalf of the entity I represent, I shall:   |  |  |  |  |
|        | a) include the research project in the financial plan of the entity;  |  |  |  |  |
|        | b) employ the principal investigator and investigators necessary to conduct the research project in compliance with the proposal and terms of the call;   |  |  |  |  |
|        | c) employ the principal investigator for the project duration period pursuant to at least a part-time employment contract;  |  |  |  |  |
|        | d) provide the conditions required for the completion of the research, including access to laboratory/office premises and research equipment required for the completion of the                     |  |  |  |  |
|        | research;   |  |  |  |  |
|        | e) provide the project with administrative and accounting assistance; f) supervise the completion of the research project and proper disbursement of project monies;                                |  |  |  |  |
|        | 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National                              |  |  |  |  |
|        | Information Processing Institute's websites alongside the information on the call's results;  |  |  |  |  |
